

HSA

Simple set up.
Seamless implementation.
Superior service.

MHC and WEX make HSAs easy

An HSA is a pre-tax benefits plan that lets your employees save money on eligible medical, dental, and vision expenses, including copays, prescriptions, and a variety of products. To be eligible for an HSA, an employee must be enrolled in a High-Deductible Health Plan (HDHP).

Exceptional support for you and your employees

Your employees receive outstanding support to ensure they're getting the most out of their HSA. We provide a dedicated team of account executives, customer service representatives, and complimentary training sessions, to ensure seamless administration and empower employees to take an active role in their health care spending decisions.

Save money and time

An HSA plan administered by WEX Health, Inc., (WEX), is easy to implement and offers valuable benefits, including:

- **Extra savings.**
You save on healthcare costs, since HDHP coverage is more affordable for you.
- **Reduced administration.**
One debit card (with mobile pay technology), online account, and mobile app for participants to achieve a simplified benefits experience.
- **Enhanced benefits package.**
HSAs are lifetime accounts and not a plan year decision for your employees. Should you switch health plan providers in the future, there is no disruption for your employees enrolled in the HSA.
- **Set it and forget it.**
Funds draw from designated health spending account(s) automatically.
- **No fees? Yes please!**
Free cards with no fees.

Each HSA has:

- › **Zero fees for:**
 - Account opening and closing
 - Replacement debit card(s)
 - Over contribution
- › **Online and paper account enrollment and tax statements**
- › **A Debit Card**
- › **Automated Clearing House (ACH) or check contributions and withdrawals**

The WEX difference

Dedicated account team:

With MHC and WEX you get a team of experts with extensive years of public sector experience and knowledge who are dedicated to you.

Outstanding customer service:

WEX customer service representatives receive training specific to MHC plan designs and programs so your employees will always receive a tailored experience.
