

What is a Flexible Spending Account?

A Flexible Spending Account (FSA) can help you save money for healthcare items and services for yourself and your family. FSA funds are deducted from your paycheck before taxes, so the money deposited into the account is **tax free** which **saves you money**.

You may save **up to 40%** on your healthcare costs.

What is a Health FSA?

A **health FSA** can be used for eligible medical expenses such as copays, coinsurance, deductibles, dental, vision, prescriptions, medical supplies, and procedures. Even over-the-counter medications and menstrual care products are eligible expenses.

Am I Eligible for a Health FSA?

If your employer offers a health FSA, you may enroll unless you are enrolled in and contributing to a Health Savings Account (HSA).

How Do I Access My Health FSA Funds?

Save your receipts of eligible expenses from your healthcare provider's office, pharmacy, store, or use online, and file a claim on the CS Benefits Accounts Mobile App or your online account.

The CS Benefits Accounts Mobile App provides an easy, convenient way to use your health FSA funds to pay for eligible items and services. Submit your claims and catalog your receipts using your phone's camera.

The mobile app and online account also provide account activity, balance information, and numerous resources to help you easily manage your benefits.

Why Do I Need to Save My Receipts?

The IRS requires Chard Snyder to confirm that you used health FSA funds for an eligible service or purchase. You may be asked for copies of itemized receipts, statements, or Explanation of Benefits (EOB) from doctors' and dentists' offices, hospitals, and stores to verify eligible expenses.

Just take a picture of the itemized receipt with your smart phone and submit it using the CS Benefits Accounts Mobile App or your online account. It's that easy!

Once you provide the requested information for a transaction that is not immediately recognized as eligible, the transaction in question is normally verified quickly.
