

Deductible Verification Form

If enrolled in a Combination FSA or Combination HRA, a completed Deductible Verification Form must be on file in order for a participant to be reimbursed for general-purpose medical expenses. Until a completed form is submitted, only expenses for dental, vision and preventative care are eligible for reimbursement.

What is a Combination FSA or Combination HRA? A Limited Medical FSA or Limited HRA (vision, dental and preventative expenses only) that's converted to a general-purpose FSA or general-purpose HRA once a participant has met the deductible.
